## **OM, OM, OM**

### **OM, OM, OM**

Om <sup>[1]</sup> by Maggie Reagh <sup>[2]</sup>

**I link with the Source of All, the Eternal OM ? It heals my both my conscious and non-conscious mind, linking me to my spirit beyond the changing mind.**

### **Opening Invocation to the Inner Teacher**

?ri Gurubhyo Nama?<sup>[3]</sup> byMaggie Reagh<sup>[2]</sup>

?ri Gurubhyo Nama?

Hari? Om

### **Translation**

I bow my head to my Heart and link with that Inner Knower within me. I honour all the Yogacharyas/gurus who have passed down this lineage of teachings.

May all obstacles be removed from that Om that links us all together at the Heart.
